

SPEAKER (Continue)

Prof. Dr. Sundani Nurono
(School of Pharmacy, Bandung Institute of Technology, Indonesia)

Intermolecular interaction in binary system as a strategic issue for manufacturing of pharmaceutical dosage forms

Dr. Ir. Roy Alexander Sparingga, M.App.Sc
(Chairman of Food and Drug Administration, Indonesia)

New issues on pharmaceuticals-related regulation in Indonesia toward 'Asean Economic Community 2015'

Prof. Dr. Enoch Y. Park
(Director of Research Institute of Green Science and Technology, University of Shizuoka, Japan)

Expression of virus-like particles in silkworm targeting for drug delivery system

Prof. Dr. Lawrence W. Stanton
(Associate Director, Genome Institute of Singapore, Singapore)

In vitro modeling of complex neurological disorders

Prof. Dr. Beom-Jin Lee
(Professor and Dean of College of Pharmacy, Ajou University, South Korea)

Physicochemical and Formulation Principles for Patient-Centered Drug Delivery

Important dates

Deadline for abstract submission

May 30, 2015

Notification of acceptance

June 30, 2015

Deadline for registration

July 5, 2015

Seminar & Symposia

August 3-5, 2015

One day workshop & demo

August 6, 2015

Venue

Harris Convention Center

Jl. Ciumbuleuit No. 50-58,

Bandung 4014, Indonesia

Phone: +62 22 82068222

Fax: +62 22 8208333

INTERNATIONAL SEMINAR ON
PHARMACEUTICS 2015

August 3 – 5, 2015
Bandung, Indonesia

International seminar on pharmaceuticals:
lectures, mini symposia, & pharma expo

“ *Advanced Research in Pharmaceutical Science and Technology towards Real Implementation In Pharmaceutical Industry* ”

20 Satuan Kredit Partisipasi (SKP)

August 3 – 5, 2015

Organized and hosted by:

School of Pharmacy, Bandung Institute of Technology (ITB)
Indonesia

Coorganized with :

Universiteit Utrecht

The secretariat

International Seminar on Pharmaceutics

School of Pharmacy

Bandung Institute of Technology (ITB)

Ganesha 10, Bandung 40132 Indonesia

INTRODUCTION

End of 2015 the Asean Economic Community (AEC) will be begun. Pharmacy and health care are one of major sectors will obtain big impact of revolution in this era. Global market will force on high competitiveness in term of innovation and quality of pharmaceutical products and health care services. These will inturn requiring strong research activity with high qualified R and D staffs. Subsequently, better knowledge on current and global regulation is also very important.

The seminar will present hot issues regarding to welcoming new era of AEC in the sector of pharmaceutics covering different areas of **advanced drug delivery system, quality by design pharmaceutical formulation and manufacturing, pharmaceutical nanotechnology & biotechnology, material science for pharmaceutics, advanced therapy (gene and stem cell bases), biopharmacy and pharmacokinetics, current biopharmaceutics-related regulagion.**

The organizing committee cordially invites participants from various pharmaceutical areas, from research institutes, universities, government, pharmaceutical industries and others related to the topic of seminar. We really expect of accepting abstracts either for oral or poster presentations. We will welcome all of you in the convenience Harris Convention Center - Bandung, a city which lies in the mountainous area of West Java, at an altitude of 770 meters, comfortable weather, nice people, great culinar and factory outlets. The warm atmosphere dinner with attractive performances will be served as well to bring all seminar participants and scientists all over the world in the familiar and fruitful situation.

REGISTRATION FEES (excluded gala dinner)

Early bird (before March 15, 2015)

International participants	: USD 350
International students	: USD 250
Industry	: IDR 2.000.000
University/research institutes	: IDR 1.250.000
Undergraduate students	: IDR 500.000

Late (after March 15, 2015)

International participants	: USD 450
International students	: USD 300
Industry	: IDR 2.500.000
University/research institutes	: IDR 1.500.000
Undergraduate students	: IDR 750.000

On Site

International participants	: USD 600
International students	: USD 450
Industry	: IDR 3.500.000
University/research institutes	: IDR 2.500.000
Undergraduate students	: IDR 1.500.000

One day workshop & demo

All participants	: Before March 30: USD 25/IDR 250,000 After March 30, USD 35/IDR 350,000
------------------	---

Gala Dinner

All participants	: USD 25/ IDR 250.000
------------------	-----------------------

SPEAKER

Opening speech

Prof. Dr. Muhammad Nasir (Minister of Research, Technology, and Higher Education Republic of Indonesia).

Plenary and invited lectures

Prof. Kattesh V. Katti, M.Sc.Ed, PhD, DSC, FRSC

(Director, University of Missouri Cancer Nanotechnology Platform - US)

Winner of 2015 Hevesy Medal International Award in the field of Nuclear and Green Nanotechnology

Green nanotechnology approaches for the creation of holistic integrative medicine (HIM)

Prof. Dr. Gert Storm

(Department of Pharmaceutical Sciences, Faculty of Science, University of Utrecht-Netherlands)

Lipidic and polymeric nanocarriers for targeted drug delivery

Prof. Dr. Paul Heng

(Department of Pharmacy, National University of Singapore - Singapore)

Research insights into tablet capping and its mitigation

Prof. Dr. Marc Windisch

(Institut Pasteur, South Korea)

Discovery, Identification and Characterization of novel hepatitis C Virus Inhibitors

Prof. Dr. Hideyoshi Harashima

(Faculty of Pharmaceutical Sciences, Hokkaido University, Japan)

Multifunctional Envelope-type nano device for gene delivery: Concept and Application for Nanomedicine

INTERNATIONAL SEMINAR ON
