

MUPY has cordially welcomed Prof. Dr. Peter Langguth from Institute of Pharmacy and Biochemistry, Johannes Gutenberg University Mainz, Germany

Feb 06, 2015

On February 6, 2015, Assoc. Prof. Varaporn Junyaprasert, Assistant Dean for Research, has welcomed Prof. Dr. Peter Langguth from Institute of Pharmacy and Biochemistry, Johannes Gutenberg University Mainz, Germany. On this occasion, they discussed about further research collaboration and graduate student exchange under the collaborative project entitled “Thai-German S&T Cooperation: the 2nd Call of Researcher Mobility Scheme”. Furthermore, Assoc. Prof. Varaporn Junyaprasert had a chance to meet and welcome Ms. Kristin Meinhardt, a Ph.D. student from Johannes Gutenberg University Mainz. She will conduct her research study on “Dissolution of poorly soluble compounds” at the Department of Pharmacy for 1 month. Then, Prof. Dr. Peter Langguth gave special lectures in the topic of ‘Translating molecular biopharmaceutic concepts to man” and “Predicting the bioperformance of formulations for poorly soluble compounds” to MUPY faculty members and graduate students.
