

MUPY has welcomed guest lecturers from National Institute for Materials Science (NIMS), Japan

Feb 13, 2015

On February 13, 2015, Assoc. Prof. Satit Puttipipatkachorn, Head of Manufacturing Pharmacy Department, along with department members, have welcomed Prof. Nobutaka Hanagata and Ms. Akemi Hoshikawa from Nanotechnology Innovation Station, National Institute for Materials Science (NIMS), Japan. On this occasion, Prof. Nobutaka Hanagata gave a special lecture in the topic of “Regulation of Immunostimulatory Effect of DNA Drug by Nanoparticles’ and Ms. Akemi Hoshikawa also delivered a special lecture in the topic of “NIMS Joint Graduate School Program and Japan’s nanotechnology Platform supported by MEXT” to MUPY faculty members and graduate students.
