

MUPY welcomed invited speaker from University of Tasmania, Australia

December 13th, 2016

On December 13th, 2016, Prof. Leena Suntornsuk, Director of MUPY-CAPO, welcomed Prof. Mirek Macka from School of Physical Sciences and Australian Centre for Research on Separation Science (ACROSS), University of Tasmania, Australia. On this occasion, Prof. Mirek Macka had a chance to discuss about research collaboration between two institutions and gave a special lecture in the topic of “Portable Analysis: The Future?” to MUPY faculty members and graduate students.□
