

## Orientation meeting for HTA graduate students

January 9th, 2017

On January 9th, 2017, Assoc. Prof. Dr. Usa Chaikledkaew, Director of Graduate Program in Health Technology Assessment: HTA, along with program staff hosted a program orientation meeting for the first batch of new HTA graduate students with the purpose of introducing program information and student life in the Faculty of Pharmacy. In addition, HTA graduate program, a collaborative graduate program among various Mahidol University's faculties, aims to help LMICs (Low- and Middle-Income Countries) with priority setting as they move towards universal health coverage.
