

Special lecture delivered by invited guest from Chiba University, Japan

June 23rd, 2017

On June 23rd, 2017, Assoc. Prof. Dr. Mullika Chomnawang, Deputy Dean for Research & International Relations, along with Assoc. Prof. Dr. Satit Puttipipatkachorn, Head of Manufacturing Pharmacy Department, and Assist. Prof. Dr. Pongtip Sithisarn welcomed Prof. Toshihiko Toida, from Graduate School of Pharmaceutical Sciences, Chiba University, Japan. On this occasion, Prof. Toshihiko Toida gave a special lecture entitled “Identification and characterization of polyphenols from medicinal mushroom and their antioxidant activity” to MUPY faculty members and graduate students. Then, they had a great chance to discuss about further academic collaboration between two institutions.
