

## Laos pharmacists completed their training program in Medical Technology of Medicine and Public Health for Health Personnel from Lao PDR

March 22, 2018

On March 22, 2018, Assoc. Prof. Dr. Mullika Chomnawang, Deputy Dean for Research & International Relations, along with faculty members attended the exit presentation delivered by five Laos pharmacists who had participated in the 2018 training program in Technology of Medicine and Public Health for Health Personnel from Lao People's Democratic Republic initiated by HRH Princess Maha Chakri Sirindhorn. They gave the presentation focusing on what they learned and practiced from MUPY as well as external apprentice sites. Also, they gave MUPY some feedbacks for further program improvement. The training program has been initiated by HRH Princess Maha Chakri Sirindhorn and continuously provided by the Faculty on an annual basis. The objectives are to increase the knowledge and skills in health promotion and prevention, to strengthen and develop the public health, and to exchange the knowledge and experience in the development of medical technology and public health.
