

MUPY's Department of Pharmaceutical Chemistry hosted a special lecture

November 16, 2018

On November 16, 2018, Prof. Dr. Leena Suntornsuk together with faculty members welcomed Prof. Dr. Cristina De Meo, a guest speaker from Department of Chemistry, Southern Illinois University Edwardsville, USA. Prof. Dr. Cristina De Meo was officially invited to deliver a special lecture entitled "Sialic Acid: An Overview and Recent Research Developments" to the audiences who were MUPY faculty members and graduate students as well as those who came from partner institutions.
