

Japanese students delivered their exit presentation of the internship program

December 14, 2018

On December 14, 2018, Assoc. Prof. Dr. Mullika Chomnawang, Deputy Dean for Research & International Relations, along with faculty members attended an exit presentation session of Japanese students, namely Mr. Naoto Horita and Mr. Yamato Ueki, who came from School of Pharmaceutical Sciences, Kyushu University. They have recently finished their professional internship at MUPY's Department of Pharmaceutical Botany and Department of Microbiology. Their exit presentation included their research training at the Departments as well as social and cultural engagement with MUPY students.
