

## UIC students completed their international clinical rotation in Thailand

March 28, 2019

On Thursday 28th March 2019, three Pharm.D. students from College of Pharmacy, University of Illinois at Chicago delivered their exit presentation and learning experiences obtained from international clinical rotation organized during February 18 - March 28, 2019. The international rotation was officially hosted by Mahidol University's Faculty of Pharmacy in collaboration with affiliated hospitals that allowed the students to learn and receive hands-on clinical experiences focusing on Thailand's pharmacy system, pharmaceutical care, and cultural experiences that fostered students' professional skills. Also joined the presentation included Asst. Prof. Supatat Chumnumwat together with Lect. Wipharak Rattanavipanon from MUPY's Division of Clinical Pharmacy.
