

MUPY staff attended the Graduation-Thesis Presentation at Kyoto Pharmaceutical University, Japan

June 25, 2019

During June 25-27, 2019, Assoc. Prof. Dr. Mullika Chomnawang, Deputy Dean for Research & International Relations, along with Assoc. Prof. Dr. Satit Puttipipatkachorn, Chair of MUPY's Manufacturing Pharmacy Department, and Mr. Kun Sodalee, graduate student in Pharmaceutics program, visited Kyoto Pharmaceutical University, Japan for attending the poster presentation as a result of the Graduation-Thesis Presentation by the 6th year Pharm. D. students at Kyoto Pharmaceutical University. In this occasion, Assoc. Prof. Dr. Satit Puttipipatkachorn gave a special lecture entitled 'Amorphous Solid Systems: Challenges and Perspectives in Pharmaceutical Product Development' in the Research Symposium. Furthermore, MUPY delegation had a great chance to meet and discuss with Prof. Naomasa Gotoh, the President of Kyoto Pharmaceutical University, and other administrative staff at Kyoto Pharmaceutical University about research and academic collaboration between two institutions.
