Virtual program "MUPY Online Welcoming 2020" for new MUPY freshmen

August 1, 2020

On Saturday, August 1, 2020, MUPY Student Association virtually arranged an online program called 'MUPY Online Welcoming 2020' via Cisco Webex Meetings for new MUPY freshmen, a total of 157 students, who successfully passed a national examination and admission to Mahidol University's Faculty of Pharmacy. This virtual activity mainly aimed to establish a relationship among MUPY freshmen as well as to provide essential information and experiences in terms of living and studying at Mahidol University's Salaya Campus where Mahidol University's students have to stay for the whole year of their 1st-year study. Moreover, this provided them an opportunity to build a new relationship among MUPY undergraduate students.
