

## Seminar on Strengthening Cosmetics and Health Product Industry in the New Normal Era

August 28, 2020

On August 27-28, 2020, TCELS (Thailand Center of Excellence for Life Sciences) in collaboration with MUPY co-organized a seminar entitled 'Strengthening Cosmetics and Health Product Industry in the New Normal Era' at The Berkeley Hotel Pratunam. The welcoming speech was expressed by the hosts' executives, namely Mr.Sirasak Tepakum, TCELS's Deputy CEO, and Assoc. Prof. Dr. Suvatna Chulavatnatol, MUPY's Dean. Furthermore, the seminar's lectures were conducted by four MUPY faculty members including 1) Assoc. Prof. Dr. Mullika Chomnawang, Deputy Dean for Research & International Relations, 2) Asst. Prof. Dr. Veerawat Teeranachaideekul, Assistant Dean for Innovation and Technology Transfer, 3) Assoc. Prof. Dr. Piyanuch Rojsanga, and 4) Asst. Prof. Dr. Krit Thirapanmethee. This event aimed to provide its audiences with accurate knowledge and understanding regarding products and equipment for COVID-19 prevention resulting in the disease control and well-being of Thai people. This collaborative seminar was also determined to strengthen the cosmetics and health product business of the private sectors in the so-called new normal period.
