

MUPY joined the arrangement of the Roadshow Promoting Research Grant by Mahidol University

October 21, 2020

On Wednesday, October 21, 2020, at 09.00 am – 12.00 pm, MUPY and MU's Research Management and Development Division jointly organized the Roadshow Meeting to promote the research grants provided by the University. In this regard, Prof. Wachira Kochakarn, M.D., Vice President for Research and Scientific Affairs, gave the welcoming speech to 60 MUPY staff who participated in the event. Prof. Wachira Kochakarn, M.D., also joined the roadshow as one of the honored guest speakers, together with Prof. Dr. Narattaphol Charoenphandhu, Head of the Center for Biomedical Instrument, and Prof. Dr. Pattarachai Kiratisin M.D., Director of the Institute for Technology and Innovation Management (iNT). This meeting aimed to promote the university's research grants to its academic staff in the faculties. This event was also intended to provide the university staff with general information focusing on research grants supported by Mahidol University, research publication, and the projects of the iNT institution.
