

Physiology Department organized the online conference on “Beware of Dizziness and Meniere’s disease”

June 23, 2021

On Wednesday, June 23, 2021, at 12.30 p.m. - 05.00 p.m., MUPY’s Department of Physiology hosted the online conference on “Beware of Dizziness and Meniere’s disease” via the Cisco Webex Event platform. In this regard, Assoc. Prof. Surakit Nathisuwan, MUPY’s Dean, gave a warm opening speech to all 250 participants. This conference had speakers from both the Department of Physiology and the Department of Pharmacy as well as from Asst. Prof. Suvajana Atipas, the guest speaker, gave a talk about “Holistic approach for vertigo: Common pitfalls in clinical practice.” The purpose of this conference was to proliferate the knowledge about the pathophysiology of Meniere’s disease and the treatments to pharmacists and other healthcare professions in order to adapt the knowledge of public health practice for both themselves and those around them in a holistic way. Moreover, this conference also supports the academic services encouraging lifelong education for all pharmacists and healthcare professions.
