

Online Meeting on 'How to procure and determine the TOR for scientific appliances

September 23, 2021

On Thursday, September 23, 2021, from 09.30 a.m. - 12.00 p.m., MUPY's Division of Finance and Procurement organized an online meeting via the Cisco Webex Meetings on the topic of 'How to procure and determine the TOR for scientific appliances'. The meeting was presided over by MUPY's Deputy Dean for Finance, Asst. Prof. Dr. Anchalee Jintapattanakit, who talked about the relevant regulations and rules in terms of the procurement procedures for the scientific appliances used by faculty members, scientists, and researchers. In addition, the supporting staff from the Division clarified the related procedures and accurate steps in order to procure the procedures and determine the TORs correctly. This virtual meeting aimed to provide essential information as well as up-to-date regulations and rules in terms of the finance and procurement procedures for the faculty members to acquire scientific appliances and follow financial procedures correctly. This meeting also responded to SDG's Goal 9: Build resilient infrastructure, promote inclusive and sustainable industrialization, and foster innovation.
