

## Department of Manufacturing Pharmacy organized the 14th Industrial Pharmaceutical Technology Conference

November 1, 2021

On November 1-2, 2021, MUPY's Department of Manufacturing Pharmacy organized the 14th Industrial Pharmaceutical Technology Conference via the Cisco Webex Events platform. In this regard, Assoc. Prof. Surakit Nathisuwan, the Dean, gave a warm welcoming speech to the 205 participants who were pharmacists, physiologists, researchers, academicians, and other related specialists. There were various topics of lectures given by academic staff from the Department of Manufacturing Pharmacy led by Assoc. Prof. Dr. Satit Puttipatkhachorn, Chair of the Department. The purpose of this conference aimed to provide updated knowledge to the pharmacists and other audiences on herbal products development which would increase the competency of Thai herbal products in the long run. This online conference also corresponded to SDG Goals mainly on the 4th, 8th, and 9th goals. □□
