

Online Special Talk on Financial Management

November 18, 2021

On November 18, 2021, from 07.00 p.m. - 09.00 p.m., MUPY's Division of Student Affairs hosted an online talk show under the project 'Students' Professional Skill and Social Skill Promotion' via the Cisco Webex Meetings platform. The topic of its EP.1 was Financial Management. Regarding this, MUPY's Deputy Dean for Student Affairs and Quality Development, Asst. Prof. Dr. Luerat Anuratpanich, presided over the event and greeted the invited speaker, namely Mr. Bodin Rojpongkase, who was MUPY alumni (Rx 42). This online talk show was virtually attended by more than 70 MUPY undergraduate students. They had a chance to discuss and share their thoughts and financial experiences in the relevant issues together. The purposes of this special talk were to raise undergraduate students' awareness in terms of financial management through a sharing session with their friends and faculty alumni. This would help develop students' social skills and strengthen their potential for a future career. Additionally, this online activity could maintain the bond between MUPY's students and MUPY's alumni. In addition, this activity helped support Sustainable Development Goals (SDGs) in terms of Quality Education to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.
