

Online Talk on Introduction to Regulatory Affair Pharmacists

November 19, 2021

On November 19, 2021, from 07.00 p.m. - 09.00 p.m., MUPY's Division of Student Affairs hosted an online talk show under the project 'Students' Professional Skill and Social Skill Promotion' via the Cisco Webex Meetings platform. The topic of its EP.2 was 'Introduction to Regulatory Affair Pharmacist' which was delivered by Ms. Phatsee Sinanangpat, an invited speaker of this talk. Regarding this, MUPY's Deputy Dean for Student Affairs and Quality Development, Asst. Prof. Dr. Luerat Anuratpanich presided over the event and greeted the invited speaker. This online talk show was virtually attended by more than 40 MUPY undergraduate students. The purposes of this special talk were to provide undergraduate students to know more about 'Regulatory Affair Pharmacists' in terms of job responsibilities, work process of RA pharmacists, legal issues for drug manufacturing, sales, and import. They also learned about new drug registration for new entrepreneurs. This would help develop students' professional skills and strengthen their potential for a future career. Additionally, this online activity could maintain the bond between MUPY's students and MUPY's alumni. In addition, this activity helped support Sustainable Development Goals (SDGs) in terms of Quality Education to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.
