

Public Lecture by a Japanese Visiting Professor

August 17, 2022

On August 17, 2022, at 10.00 a.m., MUPY's Department of Pharmacology in collaboration with the International Relations Unit organized a public lecture entitled 'Pharmacokinetics, formulations, stability and drug interactions of Cannabidiol (CBD)'. Having been arranged at Room 406 and broadcasted via the Cisco Webex Meetings platform, this hybrid lecture was delivered by Prof. Dr. Hitoshi Sato, MUPY's visiting professor who has been granted Mahidol University's 2022 Short-term Visiting Scholars to Work at Mahidol University. □□□□ In this regards, Assoc. Prof. Dr. Vilasinee Hirunpanich Sato, Chair of the Department of Pharmacology, provided a warm welcome to Prof. Dr. Hitoshi Sato. This event was also attended by more than 80 audiences including MUPY and non-MUPY faculty members and graduate students. □□□□ In addition, this activity responded to SDG's 4th Goal: Reduce inequality within and among countries, 10th Goal: Reduce inequality within and among countries, and 17th Goal: Partnership for the Goals to strengthen the means of implementation and revitalize the global partnership for sustainable development. □□□□ Related news: <https://pharmacy.mahidol.ac.th/en/activities/3227>
