

Special Lecture by the Guest Speaker from the University of Innsbruck, Austria

October 20, 2022

On Thursday, October 20, 2022, from 01:30 p.m. – 02:30 p.m., the Faculty of Pharmacy, Mahidol University organized an online special lecture entitled “How simple are simple bioassays? The search for natural tyrosinase inhibitors” delivered by Dr. Stefan Schwaiger, the Research Associate at Institute of Pharmacy/Pharmacognosy, University of Innsbruck, Austria. On this occasion, Assoc. Prof. Dr. Usa Chaikledkaew, the Deputy Dean for International and Public Relations, together with Assoc. Prof. Dr. Pongtip Sithisarn, the Head of Center of Analysis for Product Quality (Division of Natural Products) welcomed the guest speaker and audiences including academic staff and researchers who joined this online special lecture. In addition, this activity responded to SDG’s 4th Goal: Reduce inequality within and among countries, 10th Goal: Reduce inequality within and among countries, and 17th Goal: Partnership for the Goals to strengthen the means of implementation and revitalize the global partnership for sustainable development.
