

2022 World's Top 2% Most-cited Scientists

November 4, 2022

Congratulations to our 3 faculty members who have been globally ranked among the '2022 World's Top 2% Most-cited Scientists' listed in the latest update released by Stanford University. □□□□The category of "Single Year Citation Impact 2022" □□(1) Prof. Dr. Varaporn Junyaprasert □□(2) Assoc. Prof. Dr. Arthorn Riewpalboon □□□□The category of 'Career-long Citation Impact 2022' □□(1) Prof. Dr. Leena Suntornsuk □□□□The Stanford ranking is based on the bibliometric information (citation metrics) contained in the Scopus database which includes more than 200,000 scientists. The database provides standardized information on citations, h-index, co-authorship-adjusted hm-index, citations to papers in different authorship positions, and a composite indicator. □□□□Reference and more detail: <https://elsevier.digitalcommonsdata.com/datasets/btchxktzyw> □□
