

Professors from Serbia visit MUPY

Jan 09, 2009

Dean Chuthamanee Suthisang and Assoc. Prof. Wandee Kritsanapan (Department of Pharmacognosy) welcomed Prof. Dr. Nedeljko Manojlovic, an expert in lichens and natural products, and Prof. Dr. Ratomir Jelic, an expert in Inorganic Chemistry, from the Faculty of Medicine, Department of Pharmacy, University of Kragujevac from Serbia. Both professors came to discuss opportunity for collaboration on student exchange program and research. In addition, Prof. Dr. Manojlovic also gave a lecture on "Pharmacological Activities of Lichen Metabolites" for academic staff and students.
