

MUPY Master student won Top Ten Best Poster Award at International Herbal Conference 2009

Feb 26, 2009

Worarat Chaisawangwong, a MUPY Master student (Pharmaceutical Chemistry and Phytochemistry Program), won Top Ten Best Poster Award at the International Herbal Conference 2009. The poster is titled Variability of Free Radical Scavenging Activity and Total Flavonoid Content in Young Flowers of Siamese Neem Tree in Thailand. This research project is supervised by Assoc. Prof. Wandee Krisanapun from the Department of Pharmacognosy. The conference was held in Bangalore, India where over 1700 attendants from 21 countries participated in the conference. Congratulations.
