

MUPY partners with the Government Pharmaceutical Organization in 3 important projects

July 31, 2009

MUPY secured a collaboration with the Government Pharmaceutical Organization (GPO), the largest public local pharmaceutical company in Thailand. Three important projects were at the center of MUPY collaboration with GPO. These 3 important projects are 1. Collaborative efforts to disseminate updated and accurate knowledge regarding safe and effective use of drugs and other health products to the public. 2. Collaborative efforts to support pharmaceutical education through clerkship rotations and scholarship to distinguished students 3. Collaborative efforts to promote drug development through research and graduate study programs The collaboration will surely benefit both teaching and clerkship rotation of undergraduate and graduate students along with strengthening up MUPY research network. This is an important step toward excellence in teaching and research of MUPY. The signers of this MOU for MUPY are: Dean Chuthamane Suthisang Assoc.
