

## Assoc. Prof. Dr. Kunikazu Moribe visited MUPY

Aug 05, 2009

Assoc. Prof. Dr. Kunikazu Moribe from the Graduate School of Pharmaceutical Sciences, Chiba University, Japan visited MUPY under the support and funding from the Japan Society for the Promotion of Science (JSPS) during 4-10 August 2009. Assoc. Prof. Dr. Satit Puttipatkhachorn serves as the host scientist for this visit. Activities of Assoc. Prof. Dr. Kunikazu Moribe's visit include discussion on on-going collaborative research projects, provision of scientific advices to graduate students and giving a lecture on "Physicochemical characterization of drug-excipient complex including cocrystals". The lecture was held on Wednesday 5 August 2009 at 10.00-12.00 AM at Room 702 in the Ratcharat Building. A number of staffs and students from the Department of Manufacturing Pharmacy attended this lecture with great interest.
