

MUPY held the 2nd Integration in Pharmacy class on Flu 2009.

Nov 25, 2009

As a measure to promote integration of sciences toward pharmacy practice, the Subcommittee on Teaching Quality Assurance and Development held the Second Integration in Pharmacy class using flu 2009 as the subject heading. This event is of tremendous success receiving excellent review by both faculty members and students alike. The special feature of this event is the usage of wireless voting system to promote student participation.
