

MUPY graduated students in Social and Administrative Pharmacy had international study visit in South Korea.

Mar 11, 2012

Social, Economic and Administrative Pharmacy (SEAP) Curriculum arranged the study visit in South Korea during March 11-15, 2012. The objective of study visit was to strengthen and exchange knowledge and experiences with international experts in addition to learning in class. There were 7 PhD and 16 Master students as well as Assoc. Prof. Arthorn Riewpaiboon and Assoc. Prof. Cha-ocin Sooksriwongse. The study visit included National Evidence-based Healthcare Collaborating Agency (NECA), Korea Food and Drug Administration Office (KFDA), School of Pharmacy, Sungkyunkwan University, and Daewoong Pharmaceuticals Company.
